Accountants Who Help You See Further

Cummings Flavel McCormack are accountants who provide accounting, auditing and business advice to business owners. Cummings Flavel McCormack also provides tax consulting services.

Tax Consulting

Tax law is relevant to every major business and investment decision. Understanding the latest developments in tax is difficult.

The Cummings Flavel McCormack tax consulting practice works with clients to evaluate the taxation risks and benefits applicable to their business and investment plans.

We are proud of our ability to untangle the complexities of tax law to produce commercially practical tax advice that the client can understand and act on with confidence.

We have significant breadth of experience, having worked with successive governments in tax law development and holding key positions on advisory and education committees with professional tax bodies.

David Kent, Michael Jones and Neil Flavel lead a group of dedicated taxation professionals.
